

NEWS from the Paranormal Investigators of Milwaukee

Aug/Sept 2012

Issue 3

Special points of interest:

Be sure to check out our Calendar of Upcoming Events on page 2

PIM is taking part in a 5k run benefitting breast cancer research on September 23rd. Check out our t-shirt design on page 2.

October is coming—that means LOTS of community events and investigations for our group!

Inside this issue:

Public Event Information	1
Member Spotlight	1
Paranormal Course Information	1
Recent Investigations/ Evidence	2
Calendar of Events	2

Thanks for a SUCCESSFUL Public Event!

PIM worked closely with the Brumder Mansion staff and management to host a two night event, **August 24th and 25th.**

We had excellent participation—it was GREAT to meet so many of you! The Friday groups were treated to a very active location. There were some very interesting experiences but unfortunately no evidence. Unfortunately Saturday was not nearly as active. (Maybe next investigation?!)

Looking for an Opportunity to learn more about the paranormal?

PIM's founder, Noah Leigh is holding another round of Paranormal Investigation courses through BOTH the West Allis/ West Milwaukee Rec Department AND UW-Waukesha's Continuing Education program.

Two levels of courses are offered, the second in October (both locations).

For more information use the links below:

<http://www.wawmrec.com/index.htm> (fall course info coming soon)

<http://waukesha.uwc.edu/Continuing-Education.aspx> (course info posted!)

Thanks again for everyone who came out!

We look forward to more opportunities to investigate with you in the future!

Take a look on page 2 for more public event information coming up.

We have a busy couple months ahead of us—hope to be able to get out and meet you!

Member Spotlight

Each month we'll highlight a member's story. This month we feature investigator **John Krahn**

Vitals:

Retired police officer, avid bagpiper

Originally from Muskego

How long have you been with PIM?

Since October 2010, so I'm coming up on a year!

What skills from being a police officer apply to paranormal investigating?

Recording details, client interview techniques as well as detecting deceit during interviews. While getting a report about a crime details are very important and the same goes for a paranormal occurrence. A small detail may make the difference between being able to debunk a claim or not.

What is your favorite part about any investigation?

Debunking and trying to find a logical explanation for the reported activity.

Oct. 30— Muskego Library Event
S73W16663 Janesville Rd

Oct. 31—Greendale Library Event
5647 Broad St.

Recent Investigation News/Highlights

We investigated the Berlin Historical Society in Berlin, WI (Noah's hometown!). No evidence of the paranormal was obtained, but we did find some serious evidence of animal activity. We do plan to return when the animals have been removed.

We have also investigated 2 private residences—in Milwaukee and Racine—which are both still under review. The reports should be finalized shortly, so be sure to check the website to find out what we found.

More recently we had a great opportunity to investigate a local public library. This investigation was a major undertaking for us, as this location was very large and our investigations sites were very far apart. The evidence review is ongoing, but we found this to be a very interesting and educational experience. PIM hopes to be able to return for further investigations in the future.

Finally, PIM travelled to Georgetown, IL to investigate the Haunted Hideaway (featured on Biography Channel's My Ghost Story). The location was one-of-a-kind and a challenge to say the least! This is one location we would like to revisit.

PIM offers scientific investigations of suspected paranormal activity in homes, businesses, and historic sites. We pride ourselves on providing confidential, professional services free of charge.

To have PIM conduct an investigation for you, contact Noah Leigh (Lead Investigator) through our website or by the phone number listed above.

We look forward to meeting you at a public event, investigating with you, or just hearing from you on Facebook or Twitter!
